

Don't let rodents ruin your project

It's a common problem that rats, mice and other animals and insects get into substation buildings, shelters and cabinets. They cause damage to equipment and costly downtime.

How much can rodents cost you?

Calculate and summarize

Cleaning

Traps
Poison
Disposal **\$20k+**

Rewiring

Material
Logistics
Labor **\$70k+**

Downtime

Outage
First day **\$10k+**
Second day... **per day**

The Roxtec sealing system is a cost-effective solution

Use **Roxtec seals for cable, pipe and conduit entries** to form a reliable barrier against rodents. It is a safe and economic way to maintain a healthy working environment and extend the lifetime of your assets.
